CORAL CASTLE

Built singlehandedly by Ed Leedskalnin over a period of 30 years. It is this country's finest example of massive stone construction. The average weight of the stones used is greater than those used in the great pyramids. See first hand what millions saw on TV's "That's Incredible", "In Search" and "You Asked For It", a 9 ton swinging gate and Ed's sundial. It is breathtaking! Remarkable for the skill and patience required! Accepted in the National Register of Historical Places.
